THREE GENERATIONS of the Awrey family posed for The Food Dealer during Awrey Bakeries 71st anniversary birthday party held recently at their Livonia plant. Seated are, Wilber, on the left, and Elton Awrey, sons of the founders, Fletcher and Elizabeth Awrey. Standing, on the left, is Tom Awrey, great-grandson of the founders, with his father Bob Awrey, who was named chairman of the board at the celebration. The party was attended by customers, suppliers, fellow industry leaders, local dignitaries and members of the news media. Special tribute was made to Elton and his brother Wilber, both in their 80's, for their many years of service and accomplishment.

Again in 1980, a bigger share of beer drinkers drank Anheuser-Busch beers.

Thanks to you and your customers for helping Anheuser-Busch set another world’s record: over 50 million barrels in sales. Think of it as 2 billion, 755 million six-packs—enough to serve half a six-pack to every person in the world.

That makes 24 straight years that you’ve given Anheuser-Busch the biggest market share in the beer business. And you’ve given us a consistently bigger share, year after year.

MORE MEMBERS MEANS
MORE ACTION, RESULTS

As your president, I am happy to report that through August of this year, we have signed up over 200 new members. The new members are coming in at a fantastic rate and is a real tribute to the strides and accomplishments being made by your association.

The strength of AFD or any organization for that matter is based on two factors. One is the “numbers” in the organization, and since “numbers is the name of the game,” obviously the more members, the stronger the organization, and the more clout it has.

Factor number two is “involvement” in legitimate causes and objectives of the industry in which we do business. AFD has been extremely involved in the various issues confronting our industry, as the watch-dog and spokesman with government and the community through the news media.

Not only is it important to be involved and let our voices be heard on the pertinent issues . . . but it is also important to form coalitions with other organizations working to accomplish similar goals.

Regardless of who the coalitions are between, the more groups involved in trying to get a job done, the more likely the success of the goal or mission. The coalition could be with New Detroit, the Chamber of Commerce, the police officers, the firefighters, the gas station operations, restaurateurs, or with other groups within our own industry, as DAGMR or the Detroit Food Brokers organization.

For too long, the business and commerce segments of our nation have hid their heads in the sand, preferring to remain silent on the issues of the day, rather than speak out and be heard. As a result, business people have been criticized regularly and not achieved the respect and dignity they rightly deserve.

One of the chief objectives during my term as president of AFD, is assure justice and fair play for everyone doing business in our industry. As in the past, we have been speaking out on the important issues of the day and will continue to do so.

But it is a shame that not all of the merchants, brokers, suppliers, etc., who are eligible to be part of our dynamic and growing AFD are supporting us as members. Unlike organized labor, trade associations seek voluntary supporters as members. Membership in groups like AFD is not mandatory.

It is our hope everyone will choose to belong to and support AFD in the coming year. If you are not a member, contact the AFD office and request an application. Make it your duty to support AFD who you know is out to protect your interests.

Remember, when the chips are down, numbers is the name of the game. So add your name to the over 3,000 members who already belong to AFD. We would be proud to have you aboard.

SUNDAY LIQUOR
QUESTION OF DISCRIMINATION

Recently, the state Legislature passed a bill which was duly signed by the Governor, which permits stores with liquor licenses to sell package liquor on Sundays.

While there have been a handful of retailers who would prefer not to do so, the Sunday liquor sales question is really one of equity and due process. It discriminates against retailers, but not bars.

The rhetorical question over the years has been: Why can the restaurants, taverns and bars sell liquor by-the-glass on Sundays after 12 noon provided that 50 percent of their sales involves food? Why not retailers?

The other question, which was recently resolved by the Legislature at AFD's request, was: Why can the restaurants, taverns and bars sell alcoholic beverages until 2 a.m. the next morning, while retailers with beer, wine and liquor licenses had to quit selling alcoholic beverages at 11 p.m. each night? This is now possible.

If one segment of the industry is permitted to sell alcoholic beverages in one fashion, why is the other segment (retailers) not permitted to do exactly the same thing?

To date, some 70 percent of Michigan's 83 counties have approved the provision to permit retailers the right to sell liquor on Sunday. Two of the more populated counties — Wayne and Macomb — have failed to approve this provision. Kent County in Grand Rapids will decide the issue by ballot this fall.

We cannot understand why the Wayne County Board of Commissioners' General Government Committee has stalled action on this measure. This committee, headed by Paul Citkowski, has been very successful in bottling up this bill, and preventing it from reaching the full Board of Commissioners.

We recall when the measure permitting restaurants and taverns to sell on Sunday was quickly approved by Wayne County to help improve Detroit's convention business. It was the first county to do so.

With the sad financial straits Wayne County is in, they appear to have no compassion for the small businesses in Wayne County who are now suffering Sunday liquor sales losses to neighboring Oakland County.

This measure is going to appear before the full commission very shortly. We hope at that time the full Wayne County Board would finally permit due process and equality for retailers as they do for restaurants and taverns. This is the real question they must address and rectify.

Who knows. Hopefully by the time you read this column, Wayne County and Macomb County too will have provided the equality the SDD retailers deserve.

HERE'S HOW THE 1981 TAX REFORM ACT WILL EFFECT THE SMALL BUSINESSMAN

While the 25% individual tax cut has received the most attention in the press, the 1981 Tax Reform Act contains significant changes which will effect the small businessman as well as estate taxes after October.

What follows is a general outline of some of the more important tax benefits and improvements for your information. We suggest that you discuss with your accountant, or with your attorney, as to how these tax changes may effect you.

INDIVIDUAL INCOME TAX CHANGES

INDIVIDUAL TAX RATE REDUCTIONS: Individual income tax rates are to be reduced across the board by a cumulative total of 23% by 1984, of which 1-1/4% will take effect in 1981, 10% in 1982, 19% in 1983 and 23% in 1984.

While it will not become effective until 1985, new tax law will provide for “indexing” taxes to coincide with changes in the Consumer Price Index. For example, if inflation rate rises at the rate of 10%, then your tax brackets will be changed by 10%, thereby not effectively raising your taxes.

The new law reduces the top marginal rate from 70% to 50% for taxable years beginning after 1981, whether the income is “earned” income or “unearned” income.

$1000 ONCE-IN-A-LIFETIME INTEREST EXCLUSION ON TAX-EXEMPT SAVINGS CERTIFICATES: The new law provides a once-in-a-lifetime exclusion of up to $1,000 ($2,000 on a joint return) of interest earned on a “depository institution tax-exempt savings certificate” issued after September 30, 1981, and before 1983, when the interest is paid in a taxable year that ends after September 30, 1981. As a result, taxpayers will be able to exempt interest under this provision on their 1981 returns.

Since the exemption only applies to one-year certificates, this means that all exempt interest under this provision must be earned before 1984.

INTEREST AND DIVIDENDS:

For taxable years beginning after 1981, the new law provides an annual $100 ($200 on joint returns) dividend exclusion and the $1,000 once-in-a-lifetime interest exclusion (see above). The $200 ($400 on joint returns) interest and dividend exclusion is repealed for taxable years beginning after 1981. For taxable years beginning after 1984, the new law also provides a 15% interest exclusion on up to $3,000 of net interest ($6,000 on joint returns). This works out to an exclusion of $450 a year ($900 on joint return).

EXCLUSION OF GAIN ON SALE OF HOME: Individuals who are at least 55 years of old can elect a one-time exclusion of gain on the sale of their principal residence provided the individual has owned and used the property as a principal residence for at least three out of the five years preceding the sale.

The amount of gain excludable is increased from $100,000 to $125,000. The change applies to sales and exchanges of a principal resident after July 20, 1981.

If a taxpayer realizes gain on the sale of his principal residence, any tax on the gain is deferred if, within two years, the taxpayer acquires a new principal residence at the cost at least equal to the sales price of the old residence.

BUSINESS INCENTIVES

FASTER DEPRECIATION UNDER SIMPLIFIED “ACCELERATED COST RECOVERY SYSTEM”: Property placed in service after 1980 can be written off under the simplified new “accelerated cost recovery system” (ACRS) faster than under the old pre-1981 depreciation rules.

Basically, what ACRS does is put all depreciable (“recovery”) property into one of four categories having respective useful lives of 3, 5, 10 and 15 years and apply to each category a specially computed accelerated depreciation (“recovery”) schedule. The schedules don’t apply to real property, with respect to which IRS is to prepare a schedule generally based on a 175% declining balance rate (200% in the case of low-income housing). Regardless of when during the year an asset is placed in service, it is treated as having been in service for half a year.

Assets placed in service before 1981 continue to be depreciated as under pre-1981 law.

Taxpayers aren’t required to use either the 3, 5, 10 and 15-year recovery period categories, or the accelerated recovery schedules. They can instead use longer recovery periods, if they so choose. If longer recovery periods are used, straight line depreciation must also be used. Taxpayers also have the option of using straight line depreciation over the regular recovery period.

YOU AND THE LAW (continued from page 10)

CORPORATION INCOME TAX CHANGES

CORPORATE TAX RATE REDUCTIONS: The tax rates on the two lowest corporate brackets, i.e., those imposing tax on taxable income below $50,000 are decreased as follows:

<table>
<thead>
<tr>
<th>Taxable Income</th>
<th>Present Law</th>
<th>1982-1985</th>
<th>1986 &amp; Later</th>
</tr>
</thead>
<tbody>
<tr>
<td>$0 $25,000</td>
<td>17%</td>
<td>16%</td>
<td>15%</td>
</tr>
<tr>
<td>$25,000 $50,000</td>
<td>20%</td>
<td>19%</td>
<td>18%</td>
</tr>
</tbody>
</table>

SUBCHAPTER “S” CORPORATIONS: The maximum number of shareholders allowed in a Subchapter “S” corporation is increased from 15 to 25 effective for tax years ending after 1981. In addition, a trust treated as owned by an individual other than the grantor, or a new tax category of trust whose beneficiary elects to be taxed on its income, can be shareholders in taxable years beginning after 1981.

ESTATE AND GIFT TAXES — MAJOR CHANGES

The 1981 Act makes major changes in the estate and gift tax rules to reduce the number of decedent’s estates that will be subject to estate tax. However, the new law will require review and possible redrafting of all existing wills that were drawn originally on the basis of then existing estate tax provisions. In addition, many of the new provisions, e.g., the increased gift tax annual exclusion, create opportunities for estate and gift tax planning that can save substantial amounts.

INCREASE IN UNIFIED CREDIT:
Under existing law, estate and gift taxes are unified so that a single progressive rate schedule is applied to cumulative gifts and bequests. The rates range from 18% (on the first $10,000 of taxable transfers) to 70% (on taxable transfers over $5 million). Basically, the estate or gift tax liability is determined by first computing the gross estate or gift tax and then subtracting the unified credit to determine the actual tax liability. The unified credit is currently $47,000.00, the exemption equivalent of $175,625. This means there is no estate or gift tax liability on transfers up to $175,625. The unified credit is increased as follows:

<table>
<thead>
<tr>
<th>Year of Gift or Death</th>
<th>Amount of Credit</th>
<th>Exemption Equivalent</th>
</tr>
</thead>
<tbody>
<tr>
<td>1982</td>
<td>$62,800</td>
<td>$225,000</td>
</tr>
<tr>
<td>1983</td>
<td>$79,300</td>
<td>$275,000</td>
</tr>
<tr>
<td>1984</td>
<td>$96,300</td>
<td>$325,000</td>
</tr>
<tr>
<td>1985</td>
<td>$121,800</td>
<td>$400,000</td>
</tr>
<tr>
<td>1986</td>
<td>$155,800</td>
<td>$500,000</td>
</tr>
<tr>
<td>1987 and thereafter</td>
<td>$192,800</td>
<td>$600,000</td>
</tr>
</tbody>
</table>

RATE REDUCTION: The maximum gift and estate taxes are reduced over a 4-year period (starting in 1982) in five percent increments. Thus, the current top rate of 70% will drop to 65% for gifts made and decedents dying in 1982, 60% in 1983% 55% in 1984, and 50% in 1985 and later years. When fully phased in, in 1985, the 50% rate will apply to taxable gifts and estates in excess of $2.5 million.

YOU AND THE LAW
(continued from page 12)

UNLIMITED MARITAL DEDUCTION: Current law permits a gift tax marital deduction for the first $100,000 of gifts to a spouse and for 50% of gifts to a spouse in excess of $200,000. An estate tax marital deduction is allowed for transfers to a surviving spouse up to the greater of $250,000 or one-half the adjusted gross estate. Transfers of terminable interests generally do not qualify for the gift or estate tax marital deduction.

The new law eliminates these limits with respect to gifts made and decedents dying after 1981. In other words, an unlimited amount of property can be transferred tax-free to a spouse.

PLEASE NOTE: Existing wills containing maximum marital deduction formula clauses must be revised if the testator wants the unlimited marital deduction to apply.

GIFT TAX EXCLUSION: The annual gift tax exclusion of $3,000 per donee is increased to $10,000 ($20,000 in the case of a married couple who elect to split gifts). In addition, an unlimited exclusion is provided for amounts paid directly to the provider for the service for the benefit of the donee for medical expenses and school tuition. These changes apply to gifts after 1981.

ANNUAL GIFT TAX RETURNS AND PAYMENT: For gifts made after 1981, gift tax returns (and payment of tax) are required only annually, rather than quarterly as in some cases under present law.

The foregoing, of course, is only a synopsis of the highlights of the Tax Reform Act of 1981. This synopsis should only be used for your information and if you have any questions regarding the application of any part of the Tax Act to your particular personal or business situation, you should consult your accountant, your attorney or this office.

It's nice when people know your name.

According to a recent study of well-known national trademarks by Public Relations Journal, Elsie was the most widely recognized. Over 93% of the people questioned identified Elsie with Borden.

For forty years, people have associated Elsie with Borden quality. She represents the flavor, freshness and value we've built our name on. And we're proud of the fact that she's so well-known.

If it's Borden, it's got to be good.

Let's face it. All money orders are basically the same.
Except American Express Money Orders. To begin with, they're more reliable. More acceptable. They carry the name of a respected financial institution that's known around the world. And that has been in the money order business since 1882.

As far as your initial financial obligation, there is none. You don't pay us anything—until a money order is sold.

And when it comes to reporting, no other money order can beat us for ease. We handle all the reconciling, too.

American Express Money Orders take none of your valuable shelf space, and you'll find them to be the most profitable square foot in your store.

Add to that our extensive selection of point-of-sale materials, and you'll be amazed to find out just how much store traffic American Express Money Orders will generate.

Since you need only one money order, carry the best in the business.

For more information, simply call Jim Foster, at 1-800-525-7629, or AFD, at (313) 366-2400.

You'll see for yourself. It pays to do business with American Express Money Orders.

American Express. The money-making money order.

Members of the Associated Food Dealers are exclusive agents for our group money order program.
