Sign-up for Scan Data for \$29/month per store. Save 10% with your MIRA member discount. **MIRA members first 3 months of data reporting for FREE!**

Scan data isn't new, but apps are now making it easier to opt-in and comply with these promotional programs, which can amount to an additional \$15K* per store for cigarette programs alone.

Petrosoft provides operators with a few options that automate most steps and reporting required by these programs. Ask us about our native options, included as part of CStore Office®, or our stand-alone Scan Data apps.

Why Back-Office?

Give Us 15 Minutes to Show You the Impact on Your Business.

Would you like to hire an assistant that doesn't require any training, could immediately take over your mundane tasks and start helping you improve your business?

Promotional price updates from Altria and RJ Reynolds done automatically.

Back-office automates many manual tasks and centralizes data to tell you what sells the most, what sells the least, where your best profits are made and where you are losing money, down to the item. Gain control of your business and influence your bottom line.
