The Saxon “Liquor Orderer”

State minimum pricing or custom pricing available!

Saxon, Inc. is offering the complete system for ordering liquor in the State of Michigan – *The Saxon “Liquor Orderer”™*. The time of hand writing your inventory and typing on the LARA website line by line has come to an end. *The Saxon “Liquor Orderer”™* is there for you! Reduce your ordering time by two-thirds with no typos or transposing numbers! With *The Saxon “Liquor Orderer”™* you scan the barcodes on our tags, enter the desired quantities, tap submit, and your confirmation will automatically be generated in your order history – it really is that simple! By utilizing our “*My Tag*” feature you can create and maintain your own unique tag database right on your device and only receive the tags that you need for your store. With our “*Custom Tags*” feature, you can create individual custom price tags for special items.

KEY FEATURES:

- **Sorting:** Sort your order by Size and/or ADA
- **Error Graphics:** Improved visibility of errors on submitted orders
- **Speed Keys:** Just tap the most commonly ordered quantities
- **Custom Tags:** Create and request custom price tags for special items. Your first 100 “Custom Tags” are FREE!
- **My Tag:** Create and maintain your own unique liquor tag database
- **Order History:** View a rolling history of your current/past orders by total orders or by individual items
- **Reorder:** Duplicate entire orders and edit what you don't need
- **Search:** Full search function directly from the MLCC website
